A maniacal killer is at large and Kleinman is caught between conflicting factions with plans on how to catch him. Kleinman, a logical man in a mad world, is indecisive and insecure; he doesn't want to get involved but everyone is after him to make a choice. He is even accused of being the culprit. When Kleinman confronts the maniac (who looks no different from anyone else), he is stabbed. Everyone rushes off to pursue the still elusive killer.

Scripts are available for sign out at the Petoskey Library. Please return them to the library before auditions or turn them in at auditions. You do not need an account.

Therefore, a PIG award goes to an individual who has worked in many areas of LTCT, has given countless hours of time and energy, and has done so continuously, over the course of LTCT history.

And the chickens are not forgotten either. One or more individuals who have demonstrated outstanding service to LTCT during the past season are presented with a Golden Egg award.
