LTCT is partnering with the Petoskey Public Library as part of their Holocaust Remembrance Month to do a Reader's Theatre of The Diary of Anne Frank. If you have never been to a readers theatre it is very much like a radio drama, with the emphasis of the show on the actors voice with no set. Participants in the Crash Course into Community Theatre will get the chance to use what they are learning and put it to practice by being or main Actors & Techs for the show.

Meeting & Survey Update

Thank you to everyone who has participated in the survey and those who came to the member meeting/holiday party. Over the next month the LTCT board and Long Term Planning Committee will be going thru all the survey's comments, questions, concerns, & ideas to help us shape LTCT's strategic plan for the coming years.

Good Luck Susan Brown!

would like to wish Susan Brown the best of luck with her new adventure in life. Susan has accepted a position in Grand Rapids which sadly will be taking her away from LTCT. She will forever remain in our hearts and all the work she has done for LTCT will never be forgotten. We have some big shoes to be filled with her departure from the board. We will MISS You Susan! We hope to see your adventure bring you back to Northern Michigan at some point in your future.
